Important Disclaimer: This information has been furnished to you upon request and solely for your information and may not be reproduced or redistributed to any other person. This document has been prepared by Attitude Gestión, S.G.I.I.C., S.A. ("Attitude") with the purpose of providing information on the fund's portfolio. Under no circumstances may it be understood that this document constitutes: (i) an offer to purchase, sell, subscribe or negotiate the financial securities mentioned therein; (ii) a personalized investment recommendation, and / or; (iii) a general recommendation regarding operations on the financial instruments. The contents of this document are based upon information believed to be reliable, however, save to the extent required by applicable law or regulations, no guarantee, warranty or representation (expressed or implied) is given as to its accuracy or completeness.

Any investment decision must take into account all existing public information on the reference fund, especially the documentation registered with the *Comisión Nacional del Mercados de Valores* ("CNMV") and available at the domicile of the fund's manager (Attitude Gestión SGIC SA, Orense 68, Floor 11th - 28020 Madrid). Attitude does not recognize any responsibility for the investment decisions that could be adopted based on the information contained in this document, whose risk will correspond exclusively to the person who adopts the same.

This document is not aimed at persons who are residents of any country, including the United States of America, where the funds or securities referred to herein are not registered or approved for marketing and/or sale or in which the dissemination of information on the funds or services is not permitted.

As per the fund's public prospectus available at the CNMV, in the risk scale from 1 (lowest risk) to 7 (highest risk), the risk profile of Attitude Sherpa fund is 7. For a detailed description of the risks in relation to this fund, please see the latest version of the public prospectus and latest information, which may solely be relied upon as the basis for investment decisions. This fund may not be suitable for investors who plan to withdraw their money within a period of less than 5 years. The investments described may involve, among others, a risk of the equity market, interest rate, exchange rate, credit, as well as investment in emerging countries. The use of derivative instruments, including as a hedge of cash investments, also entails risks, such as the possibility that there is an imperfect correlation between the changes of the value of derivative and the underlying. The price of the fund units can go down as well as up, and may be affected by changes in rates of exchange. An investor may not get back the amount invested.
